

Special Town Meeting (September 6, 2017)

Article 1 (Operation Budget Adjustments) *Passed	Yes
Article 2 (Tax Payment Agreement) *Passed Unanimously	Yes - I appreciate how this will help our town become even more environmentally aware in practice, and it will bring new revenue for the town.
Article 3 (Stretch Energy Code) *Passed Unanimously	Yes - I'm very supportive of our town becoming a Green Community, and adopting a Stretch Energy Code is just one of 5 criteria needed in order to apply for the designation.
Article 4 (Oakland Ave. Sewer Main) *Passed Unanimously	Yes
Article 5 (SELCO Easement - Cherry St.) *Passed	Abstain - I did not appreciate how little say in this project Town Meeting had overall. Whether we approved this Article or not, it appeared clear to me that SELCO would have continued with the project either way.
